

Test doc 1

Some text
new line

New para

The screenshot displays the PageSeeder web application interface. At the top, the PageSeeder logo is visible. Below it, a navigation bar shows the user 'Philip Rutherford' and a breadcrumb trail: 'ps-doc > user > group /ps'. A search bar on the right contains the text 'group'. Below the navigation bar, there are buttons for 'New Comment', 'New Task', 'New Document', 'Upload Document', and 'Publish'. A 'RECENTLY VIEWED' section lists recent documents and users. A search results dropdown is open, showing a list of documents matching the search term 'group'. The results include document titles, file names, and IDs. At the bottom of the dropdown, it states 'Results matching group in PageSeeder documents' and 'Only top 10 results shown'. Below the search results, there is a section for 'HIGH PRIORITY TASKS (6)'.

Document Title	File Name	ID
group-groupfolders	group-groupfolders.xml	[179734]
group-groupproperties	group-groupproperties.xml	[179722]
